•Hartington Feed & Chick is a full service feed company.

•We offer custom feed milling using any of our nutritional packages or some of your own.

•We carry bulk Bean meal, DDG, choice white grease, calcium and monocal. Call us for a price quote.

•We use a Roller Grinder instead of a hammer mill to improve feed efficiency by 10%.

•State of the art feed mill using digital scales and a stationary ribbon mixer to insure proper blending. We process approximately 200 ton per day for same day or next day delivery. We are servicing customers within a 90 mile radius in Nebraska and South Dakota.

•We offer custom computerized cattle ration formulation done by our salesmen in house.

•We carry several kinds of liquid cattle feed at our feed mill.

•We buy and sell approximately 1.2 million bushel of corn per year. Our semi scale is located at our feed mill. Call us for pricing options on corn.
