Pastures are getting short. It's time to Creep Feed you Calves

Reasons you should use Purina Accu-Creep:

- You can use your own corn
- Higher energy diet than pelleted programs, less sorting and waste than pellets.
- You can control consumption. Calves fed Accu-Creep won't eat 10-12# at the end of the feeding period.
- We will save you approximately \$10 per calf over pelleted programs. We have proof comparing our program to pelleted programs.
- Your calves will weigh approximately 60# more at weaning time.
- Less stress on your cows, better breed back.
- Even with high priced corn, creep feeding pays because of the high price for calves

*Hartington Feed & Chick has been the leader in animal nutrition in Northeast Nebraska for over 50 years.
The feed business is our only business.*
